- The creation of an African Economic Platform.

What can Trade facilitation Deliver for Africa?

Trade facilitation measures, if well implemented would;

- Benefit consumers who have to contend with higher prices induced by red tape in imports administration,
- Assist in enhancing Africa's competitiveness due to reduction in compliance costs, service charges, business opportunity costs, and costs associated with uncertainty and corruption.
- Enable firms to increase their share of continental trade
- Benefit govts by bringing about more efficient control methods, better resource allocation, and improved trade compliance leading to higher revenues,
- Improve the investment climate
- Assist in promotion of protection of security, society and human health

Conclusion

- Importance of Political Support
- Collaboration with dvpt partners
- Industrialise and promote value chains

Thank You
